Kris Tnv | February 5, 2021

Sprint planning meeting

Date: 5 February 2021

Scrum team: Amy Harvey, Kristiyan Tanev, Lee Shaw, Lewis Watson

Sprint goal: Software set up correctly and running / Prepare for code review 1 and first release on Github

Product backlog

As a user I want to be able to organise countries by population and size.

So I can calculate the population of cities, districts, countries and continents.

Sprint backlog
